REVIEWS / FEEDBACKS - part 1 -

Our Oktoberfest 2021 event was a grand success specially taking into account we have managed to make it happen during challenging times clouded by the pandemic. The Happy Hour Band has been a key part of this success and the feedback we have received about the band has been fantastic. I can confidently say that we were not wrong in selecting you and the band to represent our event.
(The Gulf Hotel Convention & Spa / Kingdom of Bahrain)

You are the best! We rarely had so much fun here in Kuwait as in your concerts!
Come home healthy and see you soon!
(K.Bergner / German Ambassador in Kuwait)

No doubt, at the Dachau party and wedding band "Happy Hour" no throat remains dry and no song request unfulfilled. Just think of the legendary television appearance of the five-member band in December 2012. In the series "4 weddings and a dream trip" on the station Vox they heated the festival guests with English, German and Bavarian hits in such a way that they all went wild on the Beer tables danced. In the category "mood" the Bavarian band got sensationally the highest score. And the world-famous wedding planner Frank Matthée alias "Froonck" was carried away by the remark: "This is the perfect band for a Bavarian wedding."

After a three-year break due to the pandemic, we invited the Happy Hour Band to our first Oktoberfest. Thanks to Happy Hour's appearance and their moderation during the show, the event was a complete success. With their entertaining mix of Oktoberfest hits and interactive communication with the audience, they ensured the perfect entertainment for our event. The entire team is very relaxed, but at the same time highly professional. We greatly appreciate their contribution and look forward to inviting again in the future!! ROCK ON HAPPY HOUR!!!

(Wisma-Jerman / Surabaya / Indonesia)

Cool group with fantastic music
Perfectly mixed, music and vocals immediately enthralls all guests.
Within the shortest time, the spark jumps over.

No one can escape the great atmosphere that the HAPPY HOUR band is spreading.
(P.Klinger / professional German Videographer)

Cinema at it's most!!

As wedding planner, of course, I have to rely on professionalism and reliability from my partners / service providers. Rob and his team are a really great band and are full blooded musicians. The mood is terrific, the band members are friendly, funny and always ready to party. The range of songs - fantastic, the arrangements are awesome. Here are just 5 stars possible! Great - and I'm looking forward to more common Saturdays!
